SUBJECT: ZESA GROUP SYSTEM CHALLENGES – BUSINESS APPLICATIONS AND EMAILS

The ZESA Group is currently experiencing system challenges that began on Sunday, 22 March 2026. As a result, certain services including email and the ZETDC Utility Management System (ZUMS) are temporarily unavailable.

These challenges are attributed to the unavailability of the Windows Active Directory (AD), which is essential for user authentication.

Restoration efforts are underway, with services expected to be available by the end of day on Wednesday, 25 March 2026.

We sincerely apologize for any inconvenience caused and thank you for your patience and understanding.

L. MUKARATI
